

6. EVIDENCE ABOUT JACK'S PERSONALITY: (b) OTHER EVIDENCE

- In the table below are various pieces of evidence for your consideration.
- The second column is left blank.
- Your job is to make some intelligent deductions from the evidence about the killer.
- The first one has been done for you.

Evidence	What can we work out about Jack the Ripper from this evidence?
The bodies were not only mutilated, but organs were removed with amazing precision.	
After one murder he took some chalk out of his pocket and wrote on the wall – “The Juwes are the men who will not be blamed for nothing” *	
All of the murders took place in a very short space of time, and stopped as quickly as they had begun.	
All of the murders took place in a very small area of London by someone who obviously knew the area well.	
All the murders took place in the early hours of the morning, and only at weekends	
He sent a number of brutal letters to the police which were badly spelt.	
The murders got increasingly brutal and ferocious as they went on.	

* The Chief of Police ordered that this evidence be scrubbed off the wall as soon as it was found. Why do you think that he took this decision?
